*Prior to 1998-99, if a student failed to return to school by October 1st, that student was considered a dropout for the past year and the grade which they had completed. Beginning in 1998-99, a student who failed to return to school by October 1st was considered a dropout for the grade and year for which they failed to return. Also beginning in 1998-99, dropout membership was adjusted to equal fall membership. These adjustments were required to be consistent with the National Center for Education Statistics' (NCES) dropout definition.
